

internsindia

Redefining Future

internsindia is a pioneering initiative which provides an interface between students and thousands of companies across India and Asia. We help you secure the right internship and placements in the most distinguished companies.

An internship represents your first step into the corporate world, and our goal is to provide you with options that are consistent with your aspiration and aptitudes. Our customized offerings factor in every aspect of your preferences: for instance, Location, Project Area, Remuneration and Company.

Our corporate clients – leading players from a range of sectors – have a constant need for new talent. And it is our mission to fulfill that need by helping you find fulfillment in career.

Our expertise spans the service spectrum from finalizing your internship with a company to the provision of software that enables you compile your completion report. In short, we provide customized online support designed to minimize the time and effort in finding the right internship.

Our services include:

- ✓ **Automatic mailer:** As soon as you register on our web site, an automatic mail will be shot to all companies that match your requirements. When a new company joins us, you will be informed of the development by email. So by enrolling once, you can keep a track of emerging internship opportunities from across India and Asia
- ✓ **Company Profile:** You will be provided with all details about a company – such as the likely interview structure and the recruitment process – before joining.
- ✓ **Instant CV:** Using the software on our site, you can organize an application-specific CV with just a click.
- ✓ **Final Placement:** Once you enroll you can continue to use our services for the final placement without extra payment.
- ✓ **Online literature support:** You can refer to a wealth of literature from our database for your project.
- ✓ **Auto covering letters and templates:** Early in their career, some students may require assistance in writing formal applications and enquiries. We offer a range of ready-made, professionally developed communication templates.

For further queries, please feel free to visit the student section on our web site www.internsindia.com or mail us at student@internsindia.com.

NOTE: For frequently asked queries, read the FAQs inside Student section.
